

Teachers Access

Teachers are able to view their schedule either by logging in to the School account either at pickatime.com or from the school scheduling link in the same manner as a parent would. So a teacher will be immediately taken to the [Report](#) page, where they will view any booked appointments.

For teachers who are also parents of students at the school, they will first see the parent scheduling page, but will also have a link to click called the Admin UI. This link will take these teachers/parents to the Reporting section of the site, where they can view their schedule of appointments.

Revision #2
